Dear Ms. Dortch:

Re: 2002 Biennial Review of Telecommunications Regulations Within the
Purview of the Wireline Competition Bureau (WC Docket 02-313)

On Friday, February 13, 2004, Jim Talbot and I from AT&T met with Jennifer Manner of Commissioner Abernathy's office to discuss the above-referenced proceeding.

During this meeting, we reviewed AT&T positions in this docket. We briefly discussed the importance of Section 43 reports in allowing effective enforcement of Commission policies promoting competition and protecting against competitive harm in the U.S. international market. We noted that Section 43.61 reports are key to tracking progress toward the Commission's goal of cost-based settlement rates, and that these reports would be even more effective if all carriers currently required to file international traffic data did so.

One electronic copy of this Notice is being submitted to the Secretary of the FCC in accordance with Section 1.1206 of the Commission's rules.

Sincerely,

A handwritten signature in black ink, appearing to read "D. W. Schoenberger", with a long horizontal flourish at the end.
